

PROMISE OF PARTNERSHIP

Dear Patient,

We're pleased to provide you with a new tool designed to help you in managing your healthcare needs. The CHOP Care Binder has been designed to make organizing the paperwork associated with your care easier.

The Care Binder is not an official medical record, but a place to collect all of your forms, test results and other papers. It's flexible, so you can organize it however works best for you. It has been developed through a partnership of patient families and clinicians to make it convenient to use and carry to your appointments.

We have included in the Care Binder a copy of a letter that you can share with members of your care team so that they know you are involved in using this new tool.

We hope the CHOP Care Binder will be useful to you. In order to support you in making it work, we'll be offering individual and group learning sessions at CHOP. And once you've given the Care Binder a try, we will be seeking your feedback on how to make it even better.

Sincerely,

Michele Lizzi, R.N., B.S.N.
Care Coordination Counselor
267-426-7657, lizzi@email.chop.edu

Symme Trachtenberg, MSW, LSW
Director, Community Education
