

Bid Opportunities @ CHOP: Information for Suppliers

The Sourcing Center of Excellence team in Supply Chain at Children's Hospital of Philadelphia (CHOP) manages sourcing opportunities through an electronic sourcing tool, Coupa. CHOP encourages all small, local, diverse and disadvantaged businesses to participate in sourcing opportunities for large purchase orders and/or term contracts available at CHOP. Supply Chain utilizes competitive bidding to drive fiscal responsibility, leverage spend, ensure compliance, promote good stewardship of CHOP's resources, and support equal opportunity, diversity and local supplier relationships. Below is a current list of sourcing opportunities available through Supply Chain at CHOP.

Last Updated: August 8th, 2022
