Delayed Puberty: A Primary Care Approach  
Diabetes Update (Type 1, Type 2, or both)  
Diabetic Ketoacidosis: Current Standards of Safe Management  
Growth Problems in Children: Short Normal or Growth Failure?  
How to Save a Life: Recognizing Adrenal Insufficiency in Primary Care  
Hypoglycemia and "Hypoglycemia"  
Polycystic Ovary Syndrome in Adolescence  
Precocious Puberty: A Primary Care Approach  
Thyroid Problems in Children in Primary Care  
Turner's Syndrome  
Who is a Candidate for Growth Hormone Now?
Children’s Hospital of Philadelphia

Speakers Bureau

**Michael Levine, MD**
Growth Disorders
Hypercalcemia
Hypocalcemia
Hypoparathyroidism
Osteoporosis
Primary Hyperparathyroidism
Rickets
Short Stature
Thyroid Disorders

**Katherine Lord, MD**
Congenital Hyperinsulinism
Diabetes
Thyroid Disorder

**Edna Mancilla MD**
Disorders of Bone, Calcium and Phosphate Metabolism
Disorders of Growth and Puberty
Endocrine Disorders in Single Ventricle Cardiac Patients
General Endocrine Disorders
Neonatal Endocrine Disorders
Thyroid Disorders

**Shana McCormack, MD**
Diabetes Mellitus
Friedreich's Ataxia and Diabetes
Genetic Disorders Associated With Obesity
Hypoblycemia
Hypothalmic Obesity
Lipodystrophy
Mitochonrial Disease and Diabetes
Neuroendocrinology
Obesity
Pituitary Disorders
Pseudotumor Cerebri Syndrome/Idiopathic Intracranial Hypertension

**Camille Michaud, MD**
Childhood Obesity
Diabetes
Growth
Puberty
Thyroid
Weight Management
Speakers Bureau

**Sara Pinney, MD, MS**  
Adolescent Endocrinology  
Type 1 and Type 2 Diabetes  
Thyroid Disease

**Jeffrey Roizen, MD, PhD**  
Hypercalcemia  
Hyperparathyroidism  
Hypocalcemia  
Metabolic Bone Disease  
Obesity  
Pituitary Disease  
Pseudohypoparathyroidism  
Type 1 Diabetes  
Type 2 Diabetes

**Wilma Rossi, MD**  
Disorders of Growth and Puberty in Children  
Gender Dysphoria and Transgender Medicine  
Medical Ethics  
Thyroid Disorders

**Rachana Shah, MD, MsTR**  
Adrenal Disorders  
Disorders of Puberty  
Growth Disorders  
Insulin Resistance  
Obesity  
PCOS  
Pituitary Disorders  
Thyroid Disorders  
Type 1 and Type 2 Diabetes in Children and Adolescents

**Diana Stanescu, MD**  
Diabetes  
Endocrinology Disorders in Children  
Hyperinsulinism

**Charles Stanley, MD**  
Congenital Hyperinsulinism  
Diagnosis and Treatment of Hypoglycemia in Infants and Children  
New Genetic of Diabetes in Neonates and Children  
Update on Disorders of Fatty Acid Oxidation and Ketogenesis

**Maria Vogiatzi, MD**
Adrenal Insufficiency
Congenital Adrenal Hyperplasia (CAH)
Disorders of Puberty
Hypogonadism
Klinefelter Syndrome

**Steve Willi, MD**
Obesity
Precocious Puberty
Short Stature
Steroid Induced Diabetes
Type 1 and type 2 DM
  - Continuous Glucose Monitoring
  - Insulin Pumps
  - New Advances in Type 1 DM Treatment
  - Diabetes Research
  - Diabetes Complications

**Gastroenterology, Hepatology and Nutrition**

**Lindsey Albenberg, DO**
Diet and the Microbiome
Inflammatory Bowel Disease
The Microbiome in Pediatric Health and Disease

**Robert Baldassano, MD**
Future Therapies for Inflammatory Bowel Disease
Nutritional Therapies for Inflammatory Bowel Disease
The Microbiome and Inflammatory Bowel Disease
Therapies for Inflammatory Bowel Disease

**Christina Bales, MD**
Alpha-1 Antitrypsin Deficiency
Autoimmune Hepatitis
Liver Abscess
Short Bowel Syndrome

**Diane Barsky, MD**
Behavioral Management of Feeding Disorders
Bone Health in Children
Diagnosis and Treatment of Hyperlipidemia
DXAs in Children and Adolescents
Enteral Nutrition
Failure to Thrive
Feeding and Swallowing Disorders in Pediatrics
Home Total Parenteral Nutrition
Integrative Medicine in Pediatrics
Lipid Heart in Pediatrics
Osteoporosis in Children
Vitamin D

**John T. Boyle, MD**
Anorectal Disorders
Chronic Abdominal Pain
Chronic Constipation
Esophageal Motility Disorders
Gastroesophageal Reflux in Infancy
Gastroparesis
GI Approach to Feeding Difficulty
Intestinal Motility Disorders
Tests to Investigate Intestinal Motility

**J. Naylor Brownell, MD**
Constipation
Failure to thrive
Gluten-related Disorders
Nutrition and Cystic Fibrosis
Nutrition and Inflammatory Bowel Disease
Pancreatic Diseases in Childhood
Pancreatic Insufficiency
Pancreatitis

**Vera De Matos Maillard, MD**
Celiac Disease
Eosinophilic Esophagitis
Failure to Thrive
Gastrointestinal Bleeding
Gastrointestinal Emergencies
Inflammatory Bowel Disease
Malabsorption & Diarrhea
Pancreatitis

**Maire A. Conrad, MD, MS**
Inflammatory Bowel Disease

**Lisa Fahey, MD**
Celiac Disease

Melissa Patel, MD
Pediatric Sedation

Richard M Rutstein, MD
Care of the HIV infected child
Evaluation of the HIV-exposed infant
Management of Fevers and Acute Illness in the HIV Infected Child

June 29, 2020
Speakers Bureau

**Philip Scribano, DO, MSCE**
Child Maltreatment Prevention
Child Physical Abuse
Child Sexual Abuse
Children Exposed to Violence
Factitious Disorders
Intimate Partner Violence
Telemedicine

**Thomas Seacrist, MBE**
Pediatric impact biomechanics
Teen Driving

**Eric Shelov, MD**
Alerts and Alert Fatigue in the EHR
Clinical Decision Support & Quality Improvement
Clinical Documentation
Clinical Informatics
CPOE (computerized Provider Order Entry)
Electronic Health Record (EHR)
IT Project Management
Medication Reconciliation
Medication Safety and the EHR
Pediatric Health IT
Unintended Consequences of EHR’s and Health IT

**Alyssa Siegel, MD**
Keeping Up With Down Syndrome
Trisomy 21/Down Syndrome

**Miriam Stewart, MD**
Care of the NICU graduate
Mindfulness
Physician Wellbeing/Burnout/Resilience
Work-life Integration

**Rebeccia Tenney-Soeiro, MD, MSEd**
Feedback
Inpatient General Pediatrics and Complex Care
Medical Education
Peer Observation of Faculty

**Patrice D (Polly) Tremoulet, PhD**
Human Factors for Self-driving Vehicles
Self-driving Vehicle Child Passenger Safety
Speakers Bureau

Usability of Electronic Health Record Systems

Jeanine Ronan, Erin Pete Devon and Rebecca Tenney Soeiro
Coaching and Growth Mindset

Hematology

Stella Chou, MD
Anemia in Neonates
Approach to Anemia
Molecular Basis for Transfusion Reactions
Transfusion Therapy for Blood Disease

David Frieman, MD
Apheresis in Pediatrics Relevant to Sickle Cell Disease, Ped Oncology (not for general Pediatricians)
Pediatric Autoimmune Hemolytic Anemia
Pediatric Idiopathic Thrombocytopenic Purpura
Transfusion Transmitted Disease (advanced presentation)

Helge Hartung MD
Aplastic Anemia

Lindsey George, MD
Gene Therapy for the Hemophilias

Haewon C Kim, MD
Pediatric Apheresis
Peripheral Blood Stem Cell Transplants

Janet Kwiatkowski, MD
Neurologic Complications of Sickle Cell Disease
Thalassemia
Transfusional Iron Overload

Michele Lambert, MD
Children Who Bruise
Diagnosing & Managing ITP
Diagnosis & Managing the Child Who Has a Low Platelet Count: ITP and More

Leslie Raffini, MD
Thrombotic Disorders in Children

Benjamin Samelson-Jones MD, PhD

**Transplant Program**

**BMT topics (Nancy Bunin, MD; Alix Seif, MD)**
"Boy in the Bubble" - Newborn Screenings, Immunology, and Blood & Marrow Transplant
Novel Approaches to Sickle Cell Management
Post-Transplant Lymphoproliferative Disorder

June 29, 2020
Heart topics (Matthew O'Connor, MD; Karen McCandless PNP)
Back to School: Focusing on Educational Re-Entry
Decreasing Mortality on the Pediatric Heart Transplant Wait List
Heart Transplantation in Children, ABO Incompatible Transplantation, Mechanical Assist Devices, What To Do
When A Child With A Heart Transplant Comes To Your ER; Heart Failure
Pediatric Heart Failure
Too Fat- or Too Thin? Impact of Weight Post-Transplant
Transplanting Complex Pts - Pediatric Heart Transplant

Kidney Topics (Sandi Amaral MD (transplant nephrologist) ; Peter Abt, MD (surgeon))
Adult-to-Child Donor Transplants: A Surgical Perspective
Back to School: Focusing on Educational Re-Entry
Immunosuppressive Management in Renal Transplant
Transplanting Adolescent Renal Patients: Adherence, Transitions to Adult Care
Transplanting Complex Pts - Pediatric Kidney Transplant

Liver Topics (Liz Rand, MD, Kathy Loomes, MD; Kate Anderer, PNP, Becky Miller PNP, Kim)
Adult-to-Child Donor Transplants: A Surgical Perspective
Back to School: Focusing School Re-Entry
Expanding the Donor Pool: Use of DCD Donors
General Indications for Pediatric Transplantation
Long Term Follow Up and Complications from Pediatric Liver Transplantation.
Minimizing and Withdrawal of Immune Suppression in Liver Transplant
Transplanting Complex Pts - Pediatric Liver Transplant

Lung topics (Sam Goldfarb, MD)
"Working Hard & Hardly Working - Challenges in Adolescent Transplant Patients"
Back to School: Focusing on Educational Re-Entry
Growing Up: Transition to Adult Health care
Non-Adherence - How the Wheels Fell Off
Orphan Pediatric Lung Disease: Interstitial Lung Disease, Surfactant Deficiencies, Congenital Alveolar
Pediatric Lung Transplantation
Tolerance is the Holy Grail: Immuno-Suppression for the Non-Immunologist
Transplanting Complex Pts - Pediatric Lung Transplant
When is a Candidate for Transplant a 'Candidate'?

Urology

Generic Talks:
Below the Belt in Pediatric Urology – What’s a Pediatrician To Do
Current Management of Antenatally Detected Hydronephrosis: All That Is Dilated Is Not Obstructed
Disorders of Sexual Differentiation
Dysfunctional Voiding and Nocturnal Enuresis – The Pediatrician’s Handbook
Molecular Epidemiology of Hypospadias
Pediatric Andrology Potpourri
Pediatric GU Tumors
Pediatric Urology Update
Stones in the Pediatric Patients
Transitional Urology – What to do with the Aging Complicated Pediatric Patient
Urinary Tract Infections in Children and Vesicoureteral Reflux, Finding Consensus in Confusion

Douglas A. Canning, MD.
Below The Belt in Pediatric Urology - What's a Pediatrician To Do
Dysfunctional Voiding and Nocturnal Enuresis - The Pediatrician's Handbook
Hypospadias from A to Z
Pediatric Urologic Emergencies
Transitional Urology - What To Do With The Aging Complicated Pediatric Patient
Urinary Tract Infections in Children and Vesicoureteral Reflux, Finding Consensus in Confusion

Merritt Jensen PhD / Amanda Berry, CPNP
Behavioral Management of Dysfunctional Voiding
Psychological Issues in Intersex/Exstrophy

Thomas F. Kolon, MD
Cryptorchidism
DSD
Dysfunctional Voiding/Elimination
Hydronephrosis
Hypospadias
Pediatric Urology potpourri
research topics as requested/agreed upon
Stones
Urinary Obstruction
UTIs
Varicoceles
VU reflux

Christopher J. Long, MD
Circumcision
Hypospadias
Pediatric Urologic Concerns for the Pediatrician
Pediatric Urologic Oncology
The Neurogenic Bladder

Aseem R. Shukla. MD
Advances in Minimally Invasive Urology
Antenatal Hydronephrosis
Posterior Urethral Valves—What's New and What We Always Knew
The International Bladder Exstrophy Collaborative: A Model for Global Collaboration
The Potential of Global Surgery Engagement to Change the Paradigm of Healthcare at Home.
Children’s Hospital of Philadelphia

Speakers Bureau

Transplant in the Urologically Complex Child
UTI and VUR and AAP UTI Guidelines

Arun K. Srinivasan, MD
Advances in Minimal Invasive pediatric urology
Antenatal Hydronephrosis
Complex Robotics & Laparoscopy in Reconstruction of Urinary Tract Anomalies
Congenital and Acquired Hernia
Low Rade Vesico-ureteral Reflux - Do We Need Antibiotics?
Obstructive Uropathy
Pediatric Urologic Malignancies
Stone Disease In Children
Technology In Medicine and Minimally Invasive Pediatric Reconstruction
Urachal Anomalies
Vesicoureteral Reflux

Gregory E. Tasian, MD
Cryptorchidism: What To Do and What Not To Do
Dietary and Environmental Determinants of Nephrolithiasis
Evaluation and Medical Management of Kidney Stone Disease in Children
The Rising Incidence of Stone Disease in Children: What’s Behind It?
Urinary Tract Infection in Children: Imaging and Antibiotics

Jason Van Batavia, MD
Congenital Anomalies of the Urethra
Correlation Between Detrusor Overactivity on Urodynamics and Shortened Lag Time on Robotic Surgery in Pediatric Urology
Urinary Tract Infections and Other complications After Urodynamic Studies in the Pediatric population

Dana A. Weiss, MD
A Newborn, a Toddler, and a Teen Walk into Your Waiting Room: Cases in Pediatric Urology
Antenatal Hydronephrosis: The Basics
Cloacal and Bladder Exstrophy
Management of Posterior Urethral Valves
Neuropathic Bladder and Myelomeningocele
Pediatric Urologic Overview
Prune Belly Syndrome
Urologic Trauma: How Did It Happen and What Are We Going to Do About It?!

Mark R. Zaontz, MD
Antenatal Renal Anomalies Including Hydronephrosis and Multicystic Kidneys
Complex Genitourinary Reconstruction
Dermal Patch Graft Correction of Severe Chordee
Hypospadias
Penile Anomalies: Concealed Penis, Penile Torsion, Penile Curvature

June 29, 2020
Sleeve Technique Distal Hypospadias

**Stephen A. Zderic, MD**
Of Mice and Men Basic Science of Bladder Outlet Obstruction
Posterior Urethral Valve
